Harold Crabtree Foundation Award in Public Policy

Special Lecture

The second of the special Lectures on the topic of *Public Policy Dimensions of Water Security in the Context of Climate Change*.

Topic: *Water Resources in a Changing Climate*

Speaker

James P. Bruce, D.Sc., OC, FRSC

Monday, December 7, 2009 – 2:30pm-3:30pm

Location – Social Sciences Centre 5220

(note change in room number)(Coffee and refreshments will be served after, during a discussion session, in SSC 3036).

Dr. Bruce has been a leader in water resources and climate research and policy for many years. He was an Assistant Deputy Minister in Environment Canada and Deputy Secretary General of the World Meteorological Organization. He continues to be very active as an adviser to the International Joint Commission and other organizations.
