The CAES is currently seeking submissions for Selected Presentations for the 2010 AAEEA-CAES-WAEA Joint Annual Meeting in Denver. Selected paper sessions provide an opportunity for individual CAES members to share their current research. Selected Presentations are a submission category that represents both Selected Papers and Selected Posters. All submissions are reviewed and accepted together, and only after acceptance are the submissions designated as a paper or poster.

Submissions for Selected Presentations need to include a two-page, single-spaced abstract that provides a clear explanation of what will be presented at the Joint Annual Meeting. Authors should include in this abstract a discussion of the relevance of the topic, research methodology, and potential for generating discussion during the meeting.
