### **Tri-Council CCV Resource Material:**

In light of the Tri-councils' increasing use of the Common CV for their funding programs and the growing complexity between sponsor CV requirements, Research Services and Development has created CV '**cheat sheets**' to assist researchers who may be applying to more than one tri-council program in the upcoming fall.

Attached you will find instructions for the CCVs of the following sponsor/programs:

1. CIHR – Full Academic CV (required for **all formal CIHR applications**)
2. NSERC – NSERC Researcher CV (required for **Discovery Grants**)
3. SSHRC – SSHRC CV (required for **Insight Development Grants**)

Researchers who have never worked with the system CV are reminded that if you will be targeting a program which is using the CCV, you should start entering data as soon as possible as it can be extremely time consuming to populate the required fields the first time.

### **CCV Walk-In Clinics on UWO Campus:**

**Drop in for assistance with your CCV at any of these clinics:**
