INTERMEDIATE MACROECONOMIC THEORY
AND POLICY I

ECONOMICS EC2152B-002
Department of Economics
Western University

Instructor’s Name: Matthew Carew
January 2019

Office: SSC 4062
Phone: (519) 661-2111 ext. 85263
E-mail: mcarew3@uwo.ca (please put EC2152 in subject)
Office Hours: Tuesday 5-6 pm
Classroom meeting time(s) & location: SH 3345 Tuesday 7-10 pm
Course website: https://owl.uwo.ca/portal
Undergraduate inquiries: 519-661-3507 SSC Room 4075 or econugrd@uwo.ca

Registration

You are responsible for ensuring you are registered in the correct courses. If you are not registered in a course, the Department will not release any of your marks until your registration is corrected. You may check your timetable by using the Login on the Student Services website at https://student.uwo.ca. If you notice a problem, please contact your home Faculty Academic Counsellor immediately.

Prerequisite Note

The prerequisites for this course are Economics 1021A/B and 1022AB, or Economics 2001 A/B, and one of MCV4U, Mathematics 0110A/B, Calculus 1000A/B, Mathematics 1225A/B or the former Calculus 1100A/B.

The anti-requisite is Economics 2220A/B.

You are responsible for ensuring that you have successfully completed all course prerequisites, and that you have not taken an anti-requisite course. Lack of pre-requisites may not be used as a basis for appeal. If you are found to be ineligible for a course, you may be removed from it at any time and you will receive no adjustment to your fees. This decision cannot be appealed.

If you find that you do not have the course prerequisites, it is in your best interest to drop the course well before the end of the add/drop period. Your prompt attention to this matter will not only help protect your academic record, but will ensure that spaces become available for students who require the course in question for graduation.
Course Description:

This is a course in macroeconomic theory in the intermediate level. It uses a modern approach to macroeconomics by building macroeconomic models from microeconomic principles. As such, it is consistent with the way that macroeconomic research is conducted today. The course is primarily concerned with providing students with an understanding of basic macroeconomic theory, problems and policy issues. The course will focus on developing and understanding basic workable models used for macroeconomic analysis. The determination of the aggregate output, aggregate consumption and investment, economic growth and business cycles will be discussed. Some policy issues, the real-world applications of our basic models, will be also addressed. The usefulness of a knowledge of the topics covered will be shown through discussions on current economic events and their expected effects on the students’ future economic outcomes.

Course Learning Outcomes:

Upon successful completion of the course, the student will:
• Be able to identify the various phases of the business cycle and explain how key macroeconomic variables behave in these phases.
• Be able to distinguish between the differences and similarities of the three methods of national income accounting and will be able to calculate GDP using these three methods.
• Be able to define and calculate various labour market and price level measurements, while discussing the limitations of these measurements.
• Be able to develop both graphically and numerically the one-period and two-period models which represent the micro foundations of our macro model.
• Be able to critically compare and explain the causes and effects of changes in these models and apply this knowledge to new examples.
• Be able to define and explain the income and substitution effects on the representative consumer’s choices.
• Be able to derive algebraically and graphically the labour supply curve.
• Be able to analyze and explain the determinants and their effects on the labour, goods and money markets.
• Be able to distinguish between the sources of growth and solve graphically and algebraically for equilibrium.
• Be able to explain how monetary policy and fiscal policy affects the economy, while discussing the advantages and disadvantages of various types of policies, and understanding the role of the Bank of Canada and the government in implementing these policies.
• Be able to contrast and explain recent recessions in Canadian history as well as the financial crisis
• Be able to understand and interpret Canadian economic announcements and predict their effects on the labour and housing markets

Textbook(s):
Grading:

The course grade will be based on two midterm exams and a final exam. The materials for all tests and exams consists of the topics covered in the lectures. The distribution of marks are:

- Midterm 1 (25%) February 26th Coverage: Chapter 1-5
- Midterm 2 (25%) March 19th Coverage: Chapter 9-11
- Final (50%) April 11-30th Coverage: Entire course

Note: Coverage of each midterm is tentative and may change if content has not been covered in lectures before the midterm.

Course Outline:

1. Introduction
   This section will cover basic macroeconomic definitions and the calculations of national income/output. An overview of the contribution of business cycles to national output is also covered. Chapters 1-3

2. Consumer and Firm Behavior
   The basic building blocks of economic models, the representative agent and the firm are introduced. Chapter 4

3. One period model of the economy
   Adding government to the basic model and solving for equilibrium. Chapter 5

4. Two period model -consumption and saving
   Adds time dynamics and the consumption/saving decision to the model. Chapter 9,10

5. Two period model -with investment
   Consumer saving now alters firm's production decisions. Creates a simple model which can match an economy's macroeconomic behavior. Chapter 11

6. Economic Growth
   This section deals with the long run growth of the economy and the differences between countries Chapter 7,8
Please Note

Department Policies for 2018-2019

Remember that the University expects all students to take responsibility for their own Academic Programs. Students should also check their registration to ensure they are enrolled in the correct courses.

1. Guidelines and policies for the Faculty of Social Science and the Department of Economics are posted online in the current Western Academic Calendar at: http://westerncalendar.uwo.ca.

3. **Cheating as an academic offence**: Students are responsible for understanding what it means to “cheat”. The Department of Economics treats cheating incidents very seriously and will investigate any suspect behavior. Students found guilty will incur penalties that could include a failing grade or being barred from future registration in other Economics courses or programs. The University may impose further penalties such as a notation on an official academic transcript, suspension or expulsion.

4. **Plagiarism**: Students must write their essays and assignments in their own words. When taking an idea/passage from another author, it must be acknowledged with quotation marks where appropriate and referenced with footnotes or citations. Plagiarism is an academic offence (see Scholastic Discipline for Undergraduate Students in the Western Calendar at http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectdCalendar=Live&ArchiveID=#Page_20).

   Western University uses software to check for plagiarism and students may be required to electronically submit their work. Those found guilty will be penalized as noted in point 3.

5. It is a Department of Economics policy that NO assignments be dated, stamped or accepted by staff. Students must submit assignments in class or to the instructor during office hours.

6. When appealing a mark, students should refer to the Student Academic Appeals section in the current Western Academic Calendar at: http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectdCalendar=Live&ArchiveID=#Page_14

   Please note the relevant deadlines.

   The Department will not consider an appeal unless an attempt has been made to settle the matter with the instructor first. Students who remain dissatisfied with the outcome may proceed with a written appeal (e-mails are not acceptable) to the Undergraduate Director in Economics, stating the reasons for their appeal. A checklist is provided at:

   http://economics.uwo.ca/undergraduate/program_counselling/responsibilities_policies.html#appeals.

7. Systematic adjustments of a class grade distribution (either up or down) can occur in Economics courses. The fact that grades have been adjusted is **not** grounds for an appeal.

8. Note the following add and drop deadlines:

   - **Deadline to add a second term half course**: Tuesday January 15, 2019
   - **Deadline to drop a second term half course**: Thursday March 7, 2019

Remember that the University expects all students to take responsibility for their own Academic Programs. Students should also check their registration to ensure they are enrolled in the correct courses.
9. Faculty of Social Science policy states that oversleeping or misreading an exam schedule is NOT grounds for a makeup. This rule applies to midsemester final exams in the Department of Economics.

Policy Regarding Makeup Tests and Final Examinations

Academic accommodation will not be granted automatically on request. Students must demonstrate by documentation that there are compelling medical or compassionate grounds before academic accommodation will be considered.

Students who proceed to write a test or examination must be prepared to accept the mark. Rewriting tests or examinations, or having their value reweighted on a retroactive basis, is not permitted. Students must also book travel arrangements AFTER final exam dates have been posted as they must not conflict with test or final exams.

Unless medically incapable of doing so, students must notify their instructor prior to the test date or at least within 24 hours when requesting a makeup exam. Failure to follow this procedure may result in denial of academic accommodation and a grade of zero. Students should also set up an appointment as soon as possible to meet with their instructor. If the instructor is not available, send an email message, copying the Undergraduate Coordinator at econugrd@uwo.ca. Notifying instructors of a missed exam does not automatically entitle students to a makeup.

Students who seek a makeup exam must also provide supporting medical or other relevant documentation that their absence from a scheduled test or exam is beyond their control. Documentation should be submitted to the Academic Counselling Office of the student’s home Faculty as soon as possible (preferably within 24 hours of the scheduled test). Failure to follow this procedure may result in denial of academic accommodation and a grade of zero. If the documentation submitted is not acceptable, students will receive a zero for the missed test.

For personal illness, students may consult Student Health Services and request a Student Medical Certificate from the physician. If assessed by an off-campus doctor, students must obtain a certificate from his/her office at the time of the visit. The off-campus medical certificate form must also be used and can be found at: http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf. Notes stating "For Medical Reasons" are not considered sufficient.

For religious or compassionate circumstances, students should ask their Academic Counsellor what documentation to provide. If documentation is judged sufficient, the Academic Counsellor will issue a Recommendation for a Special Examination (a single form for midterms or a triple-color form for final exams). Once students have this form, they must contact their instructor as soon as possible to make arrangements. Even if approved by their Academic Counsellor, there is no guarantee that students will be allowed to write the makeup test/exam.

For final examinations, students need to seek permission from their home Faculty Counsellor, Instructor, and the Department Undergraduate Director. Failure to follow this procedure may result in a grade of zero. Students must ensure that the Special Examination form has been signed by the Instructor and Department Undergraduate Director and that the form is returned to the Academic Counselling Office for approval without delay. If approved, makeup examinations will be written within one month of the end of the exam period.
Policies Regarding Academic Accommodation

The Faculty of Social Science’s policies regarding academic accommodation is found at http://counselling.ssc.uwo.ca/procedures/having_problems/index.html. “Academic Rights and Responsibilities” are also outlined in the Western Calendar at http://westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&command=showCategory&SelectedCalendar=Live&ArchiveID=. Claiming that “you didn’t know what to do” is not an acceptable excuse for not following the stated procedures.

Policy Regarding Class Attendance

If the instructor deems a student’s class attendance as unsatisfactory, that student may be prohibited from writing the final examination. If there is intent to make use of this University policy, the student will be notified in writing.

Statement on Mental Health and Support Services

Students under emotional/mental distress should visit http://uwo.ca/health/mental_wellbeing/ for more information and a complete list of resources on how to obtain help.
