

ECONOMETRICS II
ECONOMICS EC2123B-001/003
Department of Economics
Western University

January 2021

General Information:

Instructor: Shahed Khan
Office: 4050 SSC
Phone: 519-661-2111 ext. 85349
E-mail: mkhan333@uwo.ca
Office hours: Office hours will be held online using Zoom
Thursdays 7:00 pm – 9:00 pm ET (Eastern Time)
Delivery mode: Online asynchronous lectures
Course website: <https://owl.uwo.ca/portal>
Undergraduate inquiries: 519-661-3507 or SSC Room 4075 or econugrd@uwo.ca

Registration:

You are responsible for ensuring you are registered in the correct courses. If you are not registered in this course, the Department will not release any of your marks until your registration is corrected. You may check your timetable by using the Login on the Student Services website at <https://student.uwo.ca>. If you notice a problem, please contact your home Faculty Academic Counsellor immediately.

Requisite Note:

Antirequisite: Economics 2223A/B.

Prerequisite: The prerequisite(s) for this course is (are) **Economics 2122A/B**; and 0.5 from **Mathematics 1225A/B, Calculus 1000A/B, Calculus 1500A/B or the former Calculus 1100A/B**

You are responsible for ensuring that you have successfully completed all course prerequisites, and that you have not taken any anti-requisite courses. Lack of prerequisites may not be used as a basis for appeal. If you are found to be ineligible for a course, you may be removed from it at any time and you will receive no adjustment to your fees. This decision cannot be appealed.

If you find that you do not have the course prerequisites, it is in your best interest to drop the course well before the end of the add/drop period. Your prompt attention to this matter will not only help protect your academic record, but will ensure that spaces become available for students who require the course in question for graduation.

Course Objectives:

The objective of this course is to provide the basic knowledge of econometrics that is essential to analyze economic data. It covers the basic tools of estimation and inference in the context of single equation linear regression model. We will first start with the simple linear regression model, introduce the ordinary least squares estimator, its properties, and use in statistical inference. Then we will review the multiple regression model and the properties of the estimates. We will also discuss how various technical problems inherent in economic analysis should be solved.

Course Learning Outcomes:

Upon successful completion of the course, the student will be able to:

- Understand the fundamental concepts of econometrics, and interpret regression results.
- Analyze the properties of the linear regression model.
- Perform valid statistical inference in the linear regression framework (hypothesis testing, confidence interval etc.)

Required Course Materials:

Required Textbook:

- Jeffrey M. Wooldridge, *Introductory Econometrics: A Modern Approach*, 7th edition, South-Western College Pub.
 - This textbook is required for assignments/readings. Earlier editions have minor differences and can be used.

Other Recommended Reference:

- James H. Stock and Mark W. Watson, *Introduction to Econometrics*, 4th edition, Prentice Hall.

Technical Requirements:

- Laptop or computer
- Stable internet connection
- Microphone
- Webcam

For technical support, see the OWL Help page or contact Western Technology Services Helpdesk (<https://wts.uwo.ca/about-wts/contact.html>)
Google Chrome or Mozilla Firefox are the preferred browsers for OWL; update your browser frequently.

Assessments and Grading:

The tentative date, length and weight of the assessments in the calculation of your course grade are as follows:

Assessment	Tentative Date*	Tentative Time Window*	Weight
Assignment 1	TBA	1 week	10%
Test 1	February 10	10:00 am – 1:00 pm ET	20%
Assignment 2	TBA	1 week	10%
Test 2	March 19	10:00 am – 1:00 pm ET	20%
Final Exam	To be scheduled by the Registrar's Office	To be determined	40%

*The dates/times of the tests are tentative and subject to change and subject to approval by the Registrar.

- Each assignment will be due one week after it is announced. Late assignments will be marked as zero with the exception of officially excused students.
- Each test will be 2 hours in length and will be mixed format (a combination of multiple choice, true/false, fill-in-the-blank questions and/or short answer questions).

Policy Regarding Missed Assessments:

There will be no make-ups for missed tests. Students who miss a term test due to medical or compassionate grounds (and can provide the appropriate documentation) will have the weight transferred to the final exam. For all missed exams, you must submit your valid documentation to Academic Counselling within 2 business days of the exam date. You must also notify your instructor prior to the test or at least within 24 hours after the excused period. There will be NO make-up midterm examination. Students who miss a term test and do not provide acceptable documentation receive a grade of zero.

Students who miss the final exam, with approved documentation will write a **zoom proctored** makeup final exam that may differ in format from the original scheduled final exam and may be delivered on a different platform.

Students who miss any assessment (whether assignment, test, or final exam) **must** follow Western University's procedures for approval of their absence in order to receive an accommodation. Please see the **Please Note Department Policies for 2020-2021** section of this syllabus for details on these procedures. If during the Winter 2021 term Western University announces any changes to these procedures, please follow those procedures.

Contacting the Instructor:

My office hours are listed on page 1. Please feel free to join to my Zoom office hours using **UWO e-mail** to seek help or to discuss matters related to the course. If my scheduled office hours conflict with your schedule, you can request an appointment with me via email. Please insure that your email has subject line starting with “E 2123,” this will minimize the risk of your email being overlooked or perceived as spam.

Online Etiquette:

Some components of this course may involve online interactions (typically through one-on-one zoom office hours, but can potentially involve a group of students). To ensure the best experience, please honour the following rules of etiquette:

- please “arrive” to the meeting on time
- please use your computer and/or laptop if possible (as opposed to a cell phone or tablet)
- ensure that you are in a private location to protect the confidentiality of discussions in the event that a discussion deals with sensitive or personal material
- [for group meetings] to minimize background noise, kindly mute your microphone for the entire meeting until you are invited to speak, unless directed otherwise
- [for group meetings larger than 30 students] In order to give us optimum bandwidth and web quality, please turn off your video camera for the entire meeting unless you are invited to speak
- unless invited by your instructor, do not share your screen in the meeting

The course instructor will act as moderator for the meeting and will deal with any questions from participants. To participate please consider the following:

- if you wish to speak, use the “raise hand” function and wait for the instructor to acknowledge you before beginning your comment or question
- remember to unmute your microphone and turn on your video camera before speaking
- self-identify when speaking.
- remember to mute your mic and turn off your video camera after speaking (unless directed otherwise)

Note that disruptive behaviour of any type during online meetings, including inappropriate use of the chat function, is unacceptable. Students found guilty of Zoom-bombing a meeting or of other serious online offenses may be subject to disciplinary measures under the Code of Student Conduct.

Topics Covered and Readings:

The course will follow the required textbook (see above). The tentative outline is as follows:

1. Introduction to Econometrics and Economic Data
 - Chapter 1

2. Simple Linear Regression
 - Chapter 2
3. Multiple Linear Regression: Estimation
 - Chapter 3
4. Multiple Linear Regression: Inference
 - Chapter 4
5. Multiple Linear Regression: OLS Asymptotics
 - Chapter 5
6. Multiple Linear Regression: Further Issues
 - Chapter 6
7. Multiple Linear Regression: Dummy Variables
 - Chapter 7
8. Heteroskedasticity
 - Chapter 8
9. Time Series (if time permits)
 - Chapter 10, 11 and 12

Note: Some material in some chapters will be excluded, which will be announced as the course progresses.

Professionalism, Privacy and Copyright:

- Students are expected to follow the [Student Code of Conduct](#).
- All lectures and course materials, including slides, presentations, outlines, and similar materials, are protected by **copyright**. Students may take notes and make copies of course materials for their own educational purposes only.
- Students may not record lectures, reproduce (or allow others to reproduce), post or distribute lecture notes, assessments, or any other course materials publicly and/or for commercial purposes without written consent.
- Recordings (audio or video) are not permitted without explicit, written permission. Permitted recordings may not be distributed or shared.

Tips on How to Be Successful in this Class:

- Start each week by reading the assigned textbook chapter(s). Then read the lecture notes which summarize the main points of each chapter.
- Treat this course as you would do a face-to-face course. Take notes as you go through the lesson material. Keeping handwritten notes or notes in a regular Word document will help you learn more effectively than just reading or watching.
- Do not be afraid to ask questions. If you have any questions or are struggling with a topic, contact your TAs and myself.
- Remember you can always email me if you require additional assistance. I monitor my email account closely every day, and you should typically expect a reply within 48 hours, excluding weekends and holidays.

Please Note
Department & University Policies for 2020-2021

The University expects all students to take responsibility for their own Academic Programs. Students should check their registration to ensure they are enrolled in the correct courses.

Academic Rights and Responsibilities: Students should be familiar with their “Academic Rights and Responsibilities” as outlined [here](#) in the Western Academic Calendar. Claiming that “you didn’t know what to do” is not an acceptable excuse for not following the stated procedures.

Guidelines and Policies for Students are posted online in the current Western Academic Calendar at <http://westerncalendar.uwo.ca>. Undergraduate information for the Faculty of Social Science can be found at: <https://www.ssc.uwo.ca/undergraduate/index.html> and for the Department of Economics at: <https://economics.uwo.ca/undergraduate/index.html>.

Rules of Conduct for Examinations: Students are expected to know the university’s Rules of Conduct for Examinations, available [here](#).

Cheating and Academic Offences: Students are responsible for understanding what it means to “cheat.” The Department of Economics treats cheating and other academic offences very seriously and will investigate any suspect behavior. Students found guilty will incur penalties that could include a failing grade or being barred from future registration in Economics courses or programs. The University may impose further penalties such as suspension or expulsion.

Plagiarism: Plagiarism is an academic offence. Students must write their essays and assignments in their own words. Ideas/passages taken from another author must be referenced with footnotes or citations and acknowledged with quotation marks where appropriate. Western University uses software to check for plagiarism and students may be required to electronically submit their work. Those found guilty will be penalized as noted in point 3. See Scholastic Discipline for Undergraduate Students [here](#) in the Western Academic Calendar.

Academic Appeals: Students should refer to the Student Academic Appeals section [here](#) in the Western Academic Calendar. Please note the relevant deadlines.

Department Appeals Procedures: The Department will not consider an appeal unless an attempt has been made to settle the matter with the instructor first. Students who remain dissatisfied with the outcome may submit a written appeal to the Undergraduate Director in Economics, stating the reasons for their appeal. Information on the Department of Economics’ appeals procedure and the appeals form are available [here](#).

Systematic Adjustments: Systematic adjustments of class grade distributions (either up or down) can occur in Economics courses. The systematic adjustment of a class grade distribution is **not** grounds for an appeal.

Add/drop deadlines:

Deadline to add a second term half course:

Tuesday January 19, 2021

Deadline to drop a second term half course:

Sunday March 14, 2021

Oversleeping or Misreading the Exam Schedule: Faculty of Social Science policy states that oversleeping or misreading the exam schedule is NOT grounds for a makeup. This rule applies to all exams in the Department of Economics.

End of Term Travel: Students must book travel arrangements AFTER final exam dates have been posted; travel is not an acceptable excuse for absence from a final exam.

Rewriting Exams and Retroactive Reweighting are NOT Permitted: Students who proceed to write a test or examination must be prepared to accept the mark. Rewriting tests or examinations, or retroactive reweighting of marks, is **not** permitted.

Accommodation Policies: Students with disabilities should work with Accessible Education (formerly SSD), which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: [Academic Accommodation for Students with Disabilities](#).

Academic Consideration for Missed Assessments/Exams due to Student Absence: Students will have up to two (2) opportunities during the regular academic year to receive academic consideration if they self-report a missed assessment using the online portal, provided the following conditions are met: the assessment is missed due to an absence of no more than 48 hours in duration, and the assessment for which consideration is being sought is worth 30% or less of the student's final grade. Students are expected to contact their instructors within 24 hours of the end of the period of the self-reported absence, unless noted otherwise on the syllabus. Students are not able to use the self-reporting option in the following circumstances:

- for exams scheduled by the Office of the Registrar (e.g., December and April exams)
- absence of a duration greater than 48 hours
- assessments worth more than 30% of the student's final grade
- if a student has already used the self-reporting portal twice during the academic year

If the conditions for a Self-Reported Absence are *not* met, students will need to provide a Student Medical Certificate (SMC) if the absence is medical or provide appropriate documentation if there are compassionate grounds for the absence in question. Students are encouraged to contact their Faculty academic counselling office for more information about the relevant documentation. It is strongly recommended that students notify the instructor as soon as possible, ideally before the assessment, when they become aware of an absence. University policy is that students must communicate with their instructors no later than 24 hours after the end of the period covered by the SMC or immediately upon their return from their documented absence. Failure to follow University policy and procedures may result in denial of academic accommodation and a grade of zero.

Individual instructors are not permitted to receive documentation directly from a student, whether in support of an application for consideration on medical grounds or for other reasons. **All required documentation for absences that are not covered by the Self-Reported Absence Policy must be submitted to the Academic Counselling office of a student's Home Faculty.**

For Western University policy on Consideration for Student Absence, see:
[Policy on Academic Consideration for Student Absences - Undergraduate Students in First Entry Programs.](#)

For the Student Medical Certificate (SMC), see:
http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

Religious Accommodation: Students should consult the University's list of recognized religious holidays and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

Policy Regarding Class Attendance and Engagement: If the instructor deems a student's attendance or engagement in the class to be unsatisfactory, that student may be prohibited from writing the final examination. Examples of unsatisfactory class engagement include frequent absences from an in-person or synchronous online class, lack of assignment submissions, and inadequate use of online course materials. Instructors who intend to make use of this policy will notify the student in advance.

Statement on Mental Health and Support Services: Students under emotional/mental distress should visit http://uwo.ca/health/mental_wellbeing/ for more information and a complete list of resources on how to obtain help.
