

MINOR IN ECONOMICS

The Minor in Economics gives students in other fields of study an exposure to the core economic concepts and an understanding of real-world economic and policy issues. This module is a nice addition for those majoring or specializing in another discipline and signals a stronger background in economics. The Minor in Economics must be combined with another degree or as part of a Double Minor. Below is a suggested breakdown of coursework by year of study.

FIRST YEAR: 5.0

Students must complete first-year requirements.

Student must also complete Economics 1021A/B and Economics 1022A/B with no mark less than 60%. Students who fail to achieve at least 60% in either Economics 1021A/B and/or 1022A/B may take a Minor if they earn a grade of at least 60% in both Economics 2150A/B and 2152A/B in second year.

This module has no formal math admission requirements. However, students should note that Economics 2150A/B and 2152A/B require high school calculus or Mathematics 0110A/B for registration.

Course	Credit	Check
Economics 1021A/B <i>Principles of Microeconomics*</i>	0.5	
Economics 1022A/B <i>Principles of Macroeconomics*</i>	0.5	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	

*Engineering and Science students may substitute Economics 2001A/B for Economics 1021A/B and 1022A/B

SECOND YEAR: 5.0

Level 1 and 2 progression requirements (please refer to the Western Academic Calendar).

Course	Credit	Check
Economics 2150A/B <i>Intermediate Microeconomic Theory I</i>	0.5	
Economics 2152A/B <i>Intermediate Macroeconomic Theory and Policy I</i>	0.5	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	

*To take courses at the 2200-3300 level students must also have completed Calculus 1000A/B or Calculus 1500A/B with a mark of at least 60%.

MINOR IN ECONOMICS

THIRD YEAR: 5.0

Level 1 and 2 progression requirements (please refer to the Western Academic Calendar).

Course	Credit	Check
Course from Economics 2100-2199* or 2200-3399*	0.5	
Course from Economics 2100-2199* or 2200-3399*	0.5	
Course from Economics 2100-2199* or 2200-3399*	0.5	
Elective Or Other	0.5	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	

FOURTH YEAR: 5.0

Level 1 and 2 progression requirements (please refer to the Western Academic Calendar).

Course	Credit	Check
Course from Economics 2100-2199* or 2200-3399*	0.5	
Course from Economics 2100-2199* or 2200-3399*	0.5	
Course from Economics 2100-2199* or 2200-3399*	0.5	
Elective Or Other	0.5	
Elective or Other	1.0	
Elective or Other	1.0	
Elective or Other	1.0	

*To take courses at the 2200-3300 level students must also have completed Calculus 1000A/B or Calculus 1500A/B with a mark of at least 60%.

Important: Economics courses from different modules cannot be double counted for credit. Please contact Social Science Academic Counselling or Undergraduate Economics Coordinator concerning how best to claim credit for Economics courses in multiple modules.

Students who have taken Statistical Sciences 3859A/B starting from the fall term of 2019 and onwards can substitute that course for Economics 2123/Ab or 2223A/B towards the modular requirements unless it is being used in another module as no credit overlap is allowed.

For breadth, essay, and residency requirements, please refer to the Western Academic Calendar.
