Course Objectives:

The People's Republic of China has been a rising economic power for the past 2-3 decades. Today, it has become the world's largest or second-largest economy, depending on the measure being used. In this course, we will study China's remarkable economic performance and place this performance in a historical and comparative context. The course investigates topics related

to China's economic history, transformation, structure, institutions, public policy, and current events and challenges.

Course Learning Outcomes:

- Students will learn the main features of China's economy, economic performance, development, and challenges.
- Students will gain experience using economic models and methods through their application to analyze China's economy.
- Students will get a glimpse at the concepts of Socialism and State Capitalism.

Textbook and Readings

Readings will mainly (but not only) be chapters from the following textbook:

***The Chinese Economy: Adaptation and Growth* (SECOND EDITION, 2018) by Barry Naughton.**

This is referred to as Naughton in the reading list below. Online (e-text) version of the textbook may be obtained from the publisher:

<https://mitpress.ubliish.com/book/the-chinese-economy>

Hard copies of the textbook may be ordered from the UWO bookstore:

https://bookstore.uwo.ca/textbook-search?campus=UWO&term=W2022B&courses%5B0%5D=001_UW/ECO2128B

Other items in the reading list may be accessed online through the Western Libraries website:

<https://www.lib.uwo.ca/>

Each week, we will cover 1-2 chapters or one chapter and one paper from the required readings below. In addition, I may be posting optional readings on the topics listed below. Optional readings are recommended but not required.

Packback Platform

Packback is an AI-supported online discussion platform for developing critical thinking, curiosity, and writing skills. In this course, we are using Packback to have quality discussions around the course concepts and learn to make connections between the lecture, text, and current events. Also, it helps you to build a sense of community with your classmates.

- I have sent an invitation to join Packback to your email. Find the invitation email and join our community in Packback. Please notice that there is **a registration fee to access Packback.**
- You are required to contribute to the discussions on Packback every week. Every week I ask two or more questions on Packback, and you should answer at least two on Packback.
- Packback will grade your contributions every week on **Sundays at midnight.**
- Late submissions are automatically not accepted. If you miss a week, the grade given for that week is zero.

- Full-grade contribution has to get above 80% from Packback. A half credit is given for scores lower than 80%.
 - A packback grade is worth 10% of your final grade, and thus it is REQUIRED.

Please Note
Department & University Policies for Winter 2023

The University expects all students to take responsibility for their own Academic Programs. Students should also check their registration to ensure they are enrolled in the correct courses.

1. **Guidelines, policies, and your academic rights and responsibilities** are posted online in the current Western Academic Calendar at: <http://westerncalendar.uwo.ca>. Claiming that "you didn't know what to do" is not an acceptable excuse for not following the stated policies and procedures.
2. Students must familiarize themselves with the "**Rules of Conduct for Examinations**" http://www.uwo.ca/univsec/pdf/academic_policies/exam/administration.pdf.
3. **Cheating as an academic offense:** Students are responsible for understanding what it means to "cheat." The Department of Economics treats cheating incidents very seriously and will investigate any suspect behavior. Students found guilty will incur penalties that could include a failing grade or being barred from future registration in other Economics courses or programs. The University may impose further penalties such as suspension or expulsion.
4. **Plagiarism:** Students must write their essays and assignments in their own words. Taking an idea/passage from another author must be acknowledged with quotation marks where appropriate and referenced with footnotes or citations. Plagiarism is an academic offense (see Scholastic Discipline for Undergraduate Students in the Western Calendar at http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20).

Western University uses software to check for plagiarism; students may be required to submit their work electronically. Those found guilty will be penalized, as noted in point 3.

5. It is a Department of Economics policy that **NO** assignments be dated, stamped, or accepted by staff. Students must submit assignments to the instructor.
6. **Appeals:** University policies and procedures for appealing a mark can be found in the Student Academic Appeals section in the current Western Academic Calendar at: http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20

[yID=1&SelectedCalendar=Live&ArchiveID=#Page_14](#). Please note the relevant deadlines.

Department of Economics procedures for appealing a mark can be found here: https://economics.uwo.ca/undergraduate/program_counselling/responsibilities_policies.html#appeals. The Department will not consider an appeal unless an attempt has been made to settle the matter with the instructor first. Students who remain dissatisfied with the outcome may proceed to submit an appeal to econugrd@uwo.ca. Please follow the instructions and use the appeal form shown in the above link.

7. **Systematic adjustments of a class grade distribution** (either up or down) can occur in Economics courses. The fact that grades have been adjusted is **not** grounds for an appeal.
8. Note the following **add and drop deadlines**:
 - Deadline to add a first-term half course: **Friday, September 16, 2022**
 - Deadline to drop a first-term half course: **Saturday, November 12, 2022**

Policy Regarding Makeup Tests and Final Examinations

Faculty of Social Science policy states that oversleeping or misreading an exam schedule is NOT grounds for makeup. This rule applies to midterm and final exams in the Department of Economics.

Policies Regarding Academic Accommodation

- Academic accommodation will not be granted automatically on request. Students must demonstrate by documentation that there are compelling medical or compassionate grounds before academic accommodation will be considered. The Faculty of Social Science's policies on academic accommodation are found at https://counselling.ssc.uwo.ca/procedures/academic_consideration.html
- **Accommodation for Students with Disabilities:** Students with disabilities or accessibility challenges should work with Accessible Education (formerly SSD, see http://academicsupport.uwo.ca/accessible_education/index.html), which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: [Academic Accommodation for Students with Disabilities](#).
- **Rewriting Exams and Retroactive Reweighting are NOT Permitted:** Students who proceed to write a test or examination must be prepared to accept the mark. Rewriting tests, examinations, or retroactive marking reweighting is **not** permitted. Students must also book travel arrangements AFTER final exam dates have been posted, as they must not conflict with tests or final exams.

- Unless medically incapable, students must notify their instructor before the test date or at least within **24 hours** when requesting a makeup exam. Failure to follow this procedure may result in denial of academic accommodation and a grade of zero. Students should also set up an appointment to meet with their instructor as soon as possible. If the instructor is not available, send an email message to the instructor, copying the Undergraduate Coordinator at econugrd@uwo.ca. **Notifying instructors of a missed exam does not automatically entitle students to makeup.**
- For medical illnesses, students may consult Student Health Services and request a Student Medical Certificate from the physician. If assessed by an off-campus doctor, students must obtain a certificate from his/her office at the time of the visit/assessment. Student Medical Certificate (SMC) is available here: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf
- **Documentation for Accommodation:** Individual instructors are not permitted to receive documentation directly from a student, whether in support of an application for consideration on medical grounds or for other reasons.
- **Western University policy on Consideration for Student Absence** is available here: https://counselling.ssc.uwo.ca/procedures/probation_rtw/appeals.html
- **Religious Accommodation:** Students should consult the University's list of recognized religious holidays and give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements are affected by a religious observance. Additional information is given in the [Western Multicultural Calendar](#).

Policy Regarding Class Attendance and Engagement: If the instructor deems a student's attendance or engagement in the class to be unsatisfactory, that student may be prohibited from writing the final examination. Examples of unsatisfactory class engagement include frequent absences from an in-person or synchronous online class, lack of assignment submissions, and inadequate use of online course materials. Instructors who intend to use this policy will notify the student in advance.

Statement on Mental Health and Support Services: Students under emotional/mental distress should visit http://uwo.ca/health/mental_wellbeing/ for more information and a complete list of resources on how to obtain help.

Statement on Remote Proctoring: While Western intends to hold most classes, mid-terms, and finals in person, the London-Middlesex Health unity may require western to teach in a remote format. If this occurs, all assessments will be done remotely and may involve using remote proctoring software (i.e., Proctorio, ProctorTrack). Instructors will provide information on the details should the need arise.
