Registration:

You are responsible for ensuring you are registered in the correct courses. If you are not registered in this course, the Department will not release any of your marks until your registration is corrected. You may check your timetable by using the Login on the Student Services website at https://student.uwo.ca. If you notice a problem, please contact your home Faculty Academic Counsellor immediately.

Prerequisite:

The prerequisite for this course is Economics 2152A/B. The antirequisite for this course is Economics 2221A/B

You are responsible for ensuring that you have successfully completed all course prerequisites, and that you have not taken an antirequisite course. Lack of prerequisites may not be used as basis of appeal. If you are found to be ineligible for a course, you may be removed from it at any time and you will receive no adjustment in your fees. This decision can not be appealed.
If you do not have the course prerequisites, it is in your best interest to drop the course before the end of the add/drop period. Your prompt attention to this matter will not only help to protect your academic record, but will ensure that spaces become available for students who require this course for graduation.

Course Description

This course is a continuation of macroeconomics 2152. In this course we will examine models of the business cycle, trade and international open economy issues, monetary and fiscal policy, employment and endogenous growth.
Course Objectives

Students will learn the intellectual heritage of various models in macroeconomics and why or why not aspects of these models are still used.

Students will be able make sense of current events from a macroeconomic policy perspective.

Students will gain valuable analytical skills by using mathematics as a language to express ideas rather than solely as a mechanical device to calculate answers.

Students will discover what professional economists do in the course of their day to day careers.

Required Course Materials

The text is based on a modern approach and uses techniques that are appropriate for the model. There will also be a course website at webct.uwo.ca. This site is a supplemental tool and should not be regarded as a substitute for lectures. I will post some but not all, the solutions to the problems we do in class. Problems that are assigned but are not taken up in class will have the answers posted. All class material is subject to examination regardless of whether it is referred to or not on the website. This course is not an on line course and should not be treated as such.

Required readings will be posted for a limited time and will be subject to examination.

Assessments & Grades

The course grade will be based on two midterm tests and a final exam. The midterms are modular and the final is comprehensive. The material for all tests and exams consists of the topics covered in the text (see below), and the material covered in the lectures. Some of the topics covered in the lectures, including problems done in class, may not appear in the text. Students are reminded that they are responsible for this material.

The distribution of the marks is as follows:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Midterm I</td>
<td>25%</td>
</tr>
<tr>
<td>Midterm II</td>
<td>25%</td>
</tr>
<tr>
<td>Final</td>
<td>50%</td>
</tr>
</tbody>
</table>

The exams must be written on the assigned dates. No make-up exams will be given. If a midterm is missed due to extraordinary circumstances, which must be supported by verifiable official documentation, the marks from the missed exam will be
These criteria will be strictly adhered to by the instructor. Missed tests that do not meet the above criteria will be given a grade of zero.

**Exam Dates**
Midterm I ............................ Feb 10
Midterm II ............................ Mar 17

**Problems**
There are no problem sets that are you must hand in for marks. However, I do problems in class and **assign problems from time to time**. You are advised to do the problems and, more importantly, understand the meaning of the results and relevance of the problem solving process. Often, but not necessarily, exam questions are based on these examples.

- Recordings (audio or video) are not permitted without explicit, written permission. Permitted recordings may not be distributed or shared.
Please Note
Department & University Policies for Winter 2023

The University expects all students to take responsibility for their own Academic Programs. Students should also check their registration to ensure they are enrolled in the correct courses.

1. **Guidelines, policies, and your academic rights and responsibilities** are posted online in the current Western Academic Calendar at: [http://westerncalendar.uwo.ca](http://westerncalendar.uwo.ca). Claiming that “you didn’t know what to do” is not an acceptable excuse for not following the stated policies and procedures.

3. **Cheating as an academic offence:** Students are responsible for understanding what it means to “cheat.” The Department of Economics treats cheating incidents very seriously and will investigate any suspect behavior. Students found guilty will incur penalties that could include a failing grade or being barred from future registration in other Economics courses or programs. The University may impose further penalties such as suspension or expulsion.

4. **Plagiarism:** Students must write their essays and assignments in their own words. When taking an idea/passage from another author, it must be acknowledged with quotation marks where appropriate and referenced with footnotes or citations. Plagiarism is an academic offence (see Scholastic Discipline for Undergraduate Students in the Western Calendar at [http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20](http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20)).

   Western University uses software to check for plagiarism and students may be required to electronically submit their work. Those found guilty will be penalized as noted in point 3.

5. It is a Department of Economics policy that **NO** assignments be dated, stamped, or accepted by staff. Students must submit assignments to the instructor.

6. **Appeals:** University policies and procedures for appealing a mark can be found in the Student Academic Appeals section in the current Western Academic Calendar at: [http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_14](http://westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_14). Please note the relevant deadlines.

   Department of Economics procedures for appealing a mark can be found here: [https://economics.uwo.ca/undergraduate/program_counselling/responsibilities_policies.ht](https://economics.uwo.ca/undergraduate/program_counselling/responsibilities_policies.ht)
ml#appeals. The Department will not consider an appeal unless an attempt has been made to settle the matter with the instructor first. Students who remain dissatisfied with the outcome may proceed to submit an appeal to econugrd@uwo.ca. Please follow the instructions and use the appeal form shown in the above link.

7. **Systematic adjustments of a class grade distribution** (either up or down) can occur in Economics courses. The fact that grades have been adjusted is not grounds for an appeal.

8. Note the following **add and drop deadlines**:
   - Deadline to add a second term half course: **Tuesday, January 17, 2023**
   - Deadline to drop a second term half course: **Tuesday, March 7, 2023**

**Policy Regarding Makeup Tests and Final Examinations**

Faculty of Social Science policy states that oversleeping or misreading an exam schedule is NOT grounds for a makeup. This rule applies to midterm and final exams in the Department of Economics.

**Policies Regarding Academic Accommodation**

- Academic accommodation will not be granted automatically on request. Students must demonstrate by documentation that there are compelling medical or compassionate grounds before academic accommodation will be considered. The Faculty of Social Science’s policies on academic accommodation are found at [https://counselling.ssc.uwo.ca/procedures/academic_consideration.html](https://counselling.ssc.uwo.ca/procedures/academic_consideration.html)

- **Accommodation for Students with Disabilities:** Students with disabilities or accessibility challenges should work with Accessible Education (formerly SSD, see [http://academicsupport.uwo.ca/accessible_education/index.html](http://academicsupport.uwo.ca/accessible_education/index.html)), which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: [Academic Accommodation for Students with Disabilities](https://academicaccommodation.uwo.ca/).

- **Rewriting Exams and Retroactive Reweighting are NOT Permitted:** Students who proceed to write a test or examination must be prepared to accept the mark. Rewriting tests or examinations, or retroactive reweighting of marks, is not permitted. Students must also book travel arrangements AFTER final exam dates have been posted as they must not conflict with tests or final exams.

- Unless medically incapable of doing so, students must notify their instructor prior to the test date or at least within **24 hours** when requesting a makeup exam. Failure to follow this procedure may result in denial of academic accommodation and a grade of zero. Students should also set up an appointment as soon as possible to meet with their instructor. If the instructor is not available, send an
email message to the instructor, copying the Undergraduate Coordinator at econugrd@uwo.ca. Notifying instructors of a missed exam does not automatically entitle students to a makeup.

- For medical illnesses, students may consult Student Health Services and request a Student Medical Certificate from the physician. If assessed by an off-campus doctor, students must obtain a certificate from his/her office at the time of the visit/assessment. Student Medical Certificate (SMC) is available here: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf

- **Documentation for Accommodation:** Individual instructors are not permitted to receive documentation directly from a student, whether in support of an application for consideration on medical grounds or for other reasons.

- **Western University policy on Consideration for Student Absence** is available here: https://counselling.ssc.uwo.ca/procedures/probation_rtw/appeals.html

- **Religious Accommodation:** Students should consult the University's list of recognized religious holidays and should give reasonable notice in writing, prior to the holiday, to the Instructor and an Academic Counsellor if their course requirements will be affected by a religious observance. Additional information is given in the Western Multicultural Calendar.

**Policy Regarding Class Attendance and Engagement:**
If the instructor deems a student’s attendance or engagement in the class to be unsatisfactory, that student may be prohibited from writing the final examination. Examples of unsatisfactory class engagement include frequent absences from an in-person or synchronous online class, lack of assignment submissions, and inadequate use of online course materials. Instructors who intend to make use of this policy will notify the student in advance.

**Statement on Mental Health and Support Services:**
Students under emotional/mental distress should visit http://uwo.ca/health/mental_wellbeing/ for more information and a complete list of resources on how to obtain help.

**Statement on Remote Proctoring:**
While Western intends to hold most classes, mid-terms, and finals in person, the London-Middlesex Health unity may require western to teach in a remote format. If this occurs, all assessments will be done remotely and may involve the use of remote proctoring software (i.e., Proctorio, ProctorTrack). Instructors will provide information on the details should the need arise.
